

# THE ABC MARITIME GROUP

# THE ABC MARITIME GROUP

Since 1982, ABC Maritime, a Swiss based family owned group of companies, offers complete solutions to the world's maritime communities of ship owners, trading houses, oil companies, financial institutions and international organisations.

**ABC Maritime A.G.** manages commercially and technically a fleet of vessels including chemical tankers, offshore support vessels and bulkers. We have one of our vessels in a port somewhere in the world every 15 hours. The group has grown to being one of the world's leading providers of floating accommodation barges in West Africa and major names in the world of oil, offshore and finance consider ABC Maritime as a strategic partner.

The company is certified ISO 9001:2000 and 14001 by Det Norske Veritas and its Safety Management System is certified by Det Norske Veritas and Bureau Veritas.

**Bayside Services S.A.** offers brokerage services to the international shipping community for sale and purchase, chartering and finance via our offices in Switzerland and Singapore.

Headquartered on the shores of Lake Geneva (Lac Léman) in Nyon, the group has a well established network of contacts allowing us to offer global solutions to the shipping industry.

# TECHNICAL MANAGEMENT

ABC Maritime is a ship-management company, enjoying a long tradition of providing high quality technical management thanks to a team of master mariners, captains, engineers and deck officers.

Our services are:

- Technical management
- Crew management and training
- Dry dock preparation and supervision
- Conversion preparation and supervision
- Planned maintenance implementation
- Procurement and logistics
- Safety, security, navigational, pre-vetting audits and health, safety and environment management
- Third-party inspections, on-hire/off-hire surveys, pre-purchase inspections, valuation and vessel conditions surveys
- New build specification writing, project management and onsite building supervision

# COMMERCIAL MANAGEMENT

ABC Maritime A.G. provides commercial management services

- Voyage and time charter operations
- Negotiation of charter party contracts and terms
- Vessel performance assessment
- Liaison with charterers
- Bunkering
- Voyage reporting
- Ship accounting
- Market Analysis

We are managing a fleet of vessels namely :

- Product, asphalt & chemical tankers
- Geared bulk carriers
- Fast support intervention vessels (FSIV)
- Accommodation barges
- Utility boats
- Landing crafts

# BAYSIDE SERVICES

Since 1992, Bayside Services has been offering brokerage services to the international shipping community for sale and purchase, chartering and finance. Our team has over 6 decades of experience as well as education from the highest maritime institutes.

## Bayside Switzerland

With nearly 70% of the world's physical commodities traded within a perimeter of 25 kilometers of our office, our team not only has an in-depth market knowledge but also, easy access to the world's major trading houses. We believe that we are able to give our clients a well informed and unique view for a range of wet and dry shipping markets, with specialist insight into niche markets.

## Bayside Singapore

The Singapore office, opened in late 2011, specialises in tankers and offshore vessels. It is here that we focus our competitive activities for sale & purchase as well as chartering including bareboat and lease-purchase. In the tanker sector, we are concentrating on ships ranging from smaller sizes to MRs. On the offshore side, we mainly deal with tugs, FSIV's and accommodation barges.
